### API Recommended Practice 2A-WSD

The American Petroleum Institute (API) is the only national trade association that represents all aspects of America's oil and natural gas industry. Our more than 600 corporate members, from the largest major oil company to the smallest of independents, come from all segments of the industry.

### API

The API should expose functionality that allows full CRUD capabilities for that employee data and the API specification should also document the user data type and provide examples.
