## Sharepoint 2010

### **Document Id Not Showing Sharepoint**

When you go to the site collection and then view a document in a document library, the document IDs aren't assigned, and the document ID column isn't displayed as a column in a view.

Solution To enable the Document ID Service feature on a site collection that's

## Download Ebook Document Id Not Showing

subscribed to the content type hub, you must first enable the Document ID Service feature on the content type hub site collection.

### **Document ID column isn't displayed as a column in ...**

Goto the ContentType (Hub CT or list CT doesn't matter) add all the "Document Id" related fields using FieldLinks property.

## Download Ebook Document Id Not Showing

The changes made to the CT here are scoped to that list only. The assumption is the "Document ID" field is already available in the list but just not showing up in the document properties.

### **word - Document ID not showing in document properties**

...

I tried to extend the "save attachment to Sharepoint-
