History Of Coatbridge

The history of Coatbridge, Scotland, is one of dramatic change. The town transformed from an obscure group of 18th century Lanarkshire hamlets strung out on the road between Glasgow and Airdrie to a world leading centre of iron production in the 19th century. Development took off at an incredible rate in the 19th century and led to massive changes to the landscape and an explosion in the population. Though Coatbridge is a most interesting seat of industry, it is anything but beautiful. Dense clo

History of Coatbridge - Wikipedia

Early history: from Bronze Age to Middle Ages. Settlement of the Coatbridge area dates back 3000 years to the Mesolithic Age. A circle of Bronze Age stone coffins was found on the Drumpellier estate in 1852. A number of other Bronze Age urns and relics have been found in Coatbridge.

Coatbridge - Wikipedia

The Burgh of Coatbridge was created on the 25th June 1885, when the Burgh Act received the Royal Assent. The town itself had been formed in the early years of that century. Coal mining and iron making, the industries that created the wealth of Coatbridge, would feed the Industrial Revolution with its raw materials.
