Law As A Social System

In Law as a Social System, Luhmann proposes to provide a (relatively) complete description of the law based on systems theory and consequently conceived as a subsystem of the larger social system. The complexity of Luhmann's case in many ways demands a map as large as the territory to be covered, but as Luhmann himself admits, such is impractical.

The excerpt of my original paper, crude though it is, below: In Law as a Social System, Luhmann proposes to provide a (relatively) complete description of the law based on systems theory and consequently conceived as a subsystem of the larger social system.

Law as a Social System by Niklas Luhmann - Goodreads

Irrespective of whether sociology of law is defined as a sub-discipline of sociology, an approach within legal studies or a field of research in its own right, it remains intellectually dependent mainly on the traditions, methods and theories of mainstream sociology and, to a lesser extent, on other social sciences such as social anthropology, political science, social policy, criminology, psychology, and geography.

Sociology of law - Wikipedia

Sociology of law or Soviet law denotes a general type of legal system which has been used in socialist and formerly socialist states. It is based on the civil law system, with major modifications and additions from Marxist-Leninist ideology. There is controversy as to whether socialist law ever constituted a separate legal system or not. If so, prior to the end of the Cold War, socialist law would be ranked among the major legal systems of the world. While civil law systems have traditionally put g

Socialist law - Wikipedia

According to a socio-legal approach, analysis of law is directly linked. to the analysis of the social situation to which the law applies, and, should be put into the perspective of that situation by seeing the part. the law plays in the creation, maintenance and/or change of the. situation.

SOCIO-LEGAL THEORY: SOCIAL STRUCTURE AND LAW

Keywords: law, society, politics, disputing, decision making, legal ideology. The study of law and society rests on the belief that legal rules and decisions must be understood in context. Law is not autonomous, standing outside of the social world, but is deeply embedded within society. While political scientists recognize the fundamentally political nature of law, the law and society perspective takes this assumption several steps further by pointing to ways in which law is socially and ...

Law and Society - Oxford Handbooks

It means that a system or social system cannot be borne as a result of the activity of one individual. It is the result of the activities of various individuals. For system, or social system, interaction of several individuals has to be there.

Social System: Meaning, Elements, Characteristics and Types

The major social institutions recognized by sociologists include family, religion, education, media, law, politics, and economy. These are understood as distinct institutions that are interrelated and interdependent and together help compose the overarching social structure of a society.

Social Structure: Definition and Overview in Sociology

Law, however, presents itself as a special case in the concert of social systems constituting society. The reason for the difficulty of identifying law as a social system as alongside those of the economy, art, religion or politics, is that law seemingly permeates all layers, spheres or, systems of society.

Law as a Social System, by Niklas Luhmann

social system The concept of system appears throughout the social and natural sciences and has generated a body of literature of its own ('general systems theory'). A system is any pattern of relationships between elements, and is regarded as having emergent properties of its own, over and above the properties of its elements.
