The craftsmanship of native North American peoples is now regarded as art of a high order, yet not until the early twentieth century did it become the subject of aesthetic discussion. The varied and vital forms of Indian artifacts--from the totem poles of the Northwest Coast to the rock engravings of the Anasazi--create an extraordinary record of native traditions and thei.

The Native American name controversy relates to the dispute over acceptable ways to refer to the indigenous peoples of the Americas and to broad subsets thereof, such as those living in a specific country or sharing certain cultural attributes. Early settlers often adopted terms that some tribes used for each other, not realizing these were derogatory terms used by enemies.

The Native American Church meeting is one contemporary inter-tribal form of the ancient peyote spiritual tradition, represented throughout much of North America. With its deeply integrated elements of artistic expression, the cultural context of the peyote ceremony affords an approach to the major issues of Native American aesthetics. Is some universal aesthetic applicable to Native American art?
