Concrete Products” MNL 127. Fabricator Qualifications: A firm that complies with the following requirements and is experienced in producing architectural precast concrete units similar to those indicated for this Project and with a record of successful in-service performance.

2 - pci-central.org

This manual has been prepared as a guideline for quality assurance of architectural concrete. Since the products are custom designed, the many combinations of shape, size, color and texture require a great degree of craftsmanship. Therefore it is important to implement and maintain the quality control standards as given in this Manual to
