Steven Elliott Tripp, Ty Cobb, Baseball, and American Manhood. Lanham, MD: Rowman & Littlefield, 2016. Pp. xxii + 401. Photos, notes, select bibliography, and index. \$29 paperback. Reviewed by Christopher R. Davis In the long and storied history of baseball, few individuals loom as large as Tyrus Raymond Cobb. Popular since his early playing ...

## Sport in American History

The history of sports in the United States shows that most sports evolved out of European practices. However, basketball, volleyball, skateboarding, and snowboarding are American inventions, some of which have become popular in other countries. American football and baseball diverged greatly from the European sports from which they arose, having evolved into distinctly American sports;

Sports matter in American history and in modern American culture. Our interest in sport reaches across dividing lines of age, income, geography, gender, and ethnicity. Wherever we go and whoever we meet, the world of sport gives us something in common—a shared language. It's no surprise, then, that the study of sport gives us unique insights into American life.

But, on the surface, especially for people on the outside of American culture, attaching sport to education is a really weird idea. So, let me try to explore this concept a little bit and argue that sport does have a place within the education system. [bctt tweet="The Role of Sports in the American Education System #sportsbiz"]

Joe Louis (1914-1981) was a greater hero to African Americans than any other boxer of his time. His 12-year reign as heavyweight boxing champion remains the longest in the sport's history. Louis became the public face of African American attempts to integrate into the American mainstream during the 1930s and 1940s.
