The First Philosophers The Presocratics

The Presocratic philosophers are so called because they lived before Socrates, although the last of them was his contemporary. The initial period of Presocratic philosophy is from 580 - 430 BC. The Presocratics are considered together but do not, as a whole, form a specific school of thought although Parmenides of Elea did have followers.

Philosophers: The Presocratics and

...

The First Philosophers (2000) is a collection of the ideas of the most important Greek philosophers that lived before or were contemporaries of Socrates. This somewhat arbitrary distinction between pre-Socratic and post-Socratic philosophy becomes problematic when one reads about the ideas of these thinkers.

The First Philosophers: The Presocratics and Sophists by ...

The first pre-Socratic philosophers were from Miletus on the western coast of Anatolia. Thales (c. 624 - c. 546 BC) is reputedly the father of Greek philosophy; he declared water to be the basis of all things. Next came Anaximander (610-546 BC), the first writer on philosophy.
