The Modern World A History

However, in the case of "A History of the 'Modern' World", this argument is almost redundant. The book does not promise to review every culture and history that has been; it promises to consider the 'modern world' and discuss where that came from. i.e., if a culture no longer exists and had little effect on the world, then it is not really for the book to consider.

Amazon.com: A History of the Modern World (9th Edition ...

In Forging the Modern World: A History, Second Edition, authors James Carter and Richard Warren offer an accessible explanation of key transformations in global economic, political, and ideological relationships since the sixteenth century. The book is distinct from most world history texts in three important ways. First, it explores the ways in which historians use and produce information.

A History of the Modern World is a work initially published by the distinguished American historian at Princeton and Yale universities Robert Roswell Palmer in 1950.

A History of the Modern World - Wikipedia

Modern World History. The modern world history, the modern era or the modern period is the global, linear, historical-geographical approach to the time frame that comes post the classical history. Perhaps, this view is in contrast to the non-linear or rather the organic view of history which was initially put forth by the famous historian and philosopher Oswald Spengler in the early 20 th century.

This is a survey of modern history from a global perspective. Part One begins with the political and economic revolutions of the late 1700s and tracks the transformation of the world during the 1800s. Part One concludes as these bewildering changes seem to be running beyond the capacity of older institutions to handle them.

The Modern World, Part One: Global History from 1760 to ...

World-systems theory (also known as world-systems analysis or the world-systems perspective) is a multidisciplinary, macro-scale approach to world history and social change which emphasizes the world-system (and not nation states) as the primary (but not exclusive) unit of social analysis. "World-system" refers to the inter-regional and transnational division of labor, which divides the world ...
